Experience

BLACK BELT MOVERS | FEB 2015 - PRESENT

- IT Manager | Feb 2016 – Present
 - With Black Belt Movers I designed and implemented the Scheduling System, Time Clock System, Hours Log for the partners, and the Project Management System the office uses. I oversaw and helped with the design of the website. I currently manage the domain and hosting. Finally, I manage all the data related to the moves, phone calls, and website visits.
- Mover, Driver, Trainer | Feb 2015 – Feb 2016
 - I started as a mover and was quickly promoted through the ranks until I was recruited by the corporate office to become the company's IT Manager.

ASSISTANT MANAGER | LOAF 'N JUG | AUG 2014 – FEB 2015

- My responsibilities include customer service, preparing day to day reports, weekly payroll, daily paperwork, balancing cash and taking the daily deposit. Ordering, pricing, and stocking inventory. Handling customer incidents as well as employee requests.
